OBJECTIVE

I am a recent graduate with a Bachelor's degree in Information Technology and Engineering, achieving a CGPA of 7.94. I am skilled in C, SQL, Core Java, HTML, CSS, and JavaScript, and I participated in training at Titan to enhance my abilities. Currently, I am further enhancing my Java skills at Besant Technologies. I am excited to begin my career journey as a fresher and eager to contribute to company growth.

PROJECT

Academic Project

Detection and Identification of Blood group by Non-invasive method.

- The main purpose of this project is to develop a non-invasive method for quickly and accurately determining an individual's blood group, thereby improving the efficiency and safety of blood transfusions while reducing patient discomfort and risk of infection.

TECHNICAL SKILL

Programming Skills: C, Core Java
Database: MYSQL
Web designing: HTML, CSS,Javascript

INTERPERSONAL SKILLS
